## Control Panel

## Prohibit access to Control Panel and PC settings

[Edit policy setting](#)

## Requirements:

At least Windows 2000

## Description:

Disables all Control Panel programs and the PC settings app.

This setting prevents Control.exe and SystemSettings.exe, the program files for Control Panel and PC settings, from starting. As a result, users cannot start Control Panel or PC settings, or run any of their items.

### Desktop

#### Desktop Wallpaper

[Edit policy setting](#)

Requirements:  
At least Windows 2000

Description:  
Specifies the desktop background ("wallpaper") displayed on all users' desktops.

This setting lets you specify the wallpaper on users' desktops and prevents users from changing the image or its presentation. The wallpaper you specify can be stored in a bitmap (\*.bmp) or JPEG (\*.jpg) file.

To use this setting, type the fully qualified path and name of the file

#### Setting

- Enable Active Desktop
- Disable Active Desktop
- Prohibit changes
- Desktop Wallpaper**
- Prohibit adding items
- Prohibit closing items
- Prohibit deleting items
- Prohibit editing items
- Disable all items
- Add/Delete items
- Allow only bitmapped wallpaper

**Remove Recycle Bin icon from desktop**

Edit [policy setting](#)

Requirements:  
At least Windows Server 2003 operating systems or Windows XP Professional

Description:  
Removes most occurrences of the Recycle Bin icon.

This setting removes the Recycle Bin icon from the desktop, from File Explorer, from programs that use the File Explorer windows, and from the standard Open dialog box.

This setting does not prevent the user from using other methods to gain access to the contents of the Recycle Bin folder.

Setting
