Control Panel

Prohibit access to Control Panel and PC settings

Edit policy setting

Requirements:
At least Windows 2000

Description:
Disables all Control Panel programs and the PC settings app.

This setting prevents Control.exe and SystemSettings.exe, the program files for Control Panel and PC settings, from starting. As a result, users cannot start Control Panel or PC settings, or run any of their items.

Setting
- Add or Remove Programs
- Display
- Personalization
- Printers
- Programs
- Regional and Language Options
- Hide specified Control Panel items   No
- Always open All Control Panel Items when opening Control ...   No
- Prohibit access to Control Panel and PC settings
- Show only specified Control Panel items   No
- Settings Page Visibility   No

Desktop Wallpaper

Edit policy setting

Requirements:
At least Windows 2000

Description:
Specifies the desktop background
("wallpaper") displayed on all
users' desktops.

This setting lets you specify the
wallpaper on users' desktops and
prevents users from changing the
image or its presentation. The
wallpaper you specify can be
stored in a bitmap (*.bmp) or JPEG
(*.jpg) file.

To use this setting, type the fully
qualified path and name of the file

Desktop

Remove Recycle Bin icon from desktop

Edit policy setting

Requirements:
At least Windows Server 2003 operating systems or Windows XP Professional

Description:
Removes most occurrences of the Recycle Bin icon.

This setting removes the Recycle Bin icon from the desktop, from File Explorer, from programs that use the File Explorer windows, and from the standard Open dialog box.

This setting does not prevent the user from using other methods to gain access to the contents of the Recycle Bin folder.

Setting

Active Directory
Desktop
Prohibit User from manually redirecting Profile Folders   No
Hide and disable all items on the desktop   No
Remove the Desktop Cleanup Wizard   No
Hide Internet Explorer icon on desktop   No
